

**BENTE**

**39**

# STRIKING IN DESIGN, CONVINCING IN FUNCTION.

A special feature of the BENTE39 is the distinctive dodger. It is transparent, which on the one hand allows a clear view towards the bow and on the other hand brings a lot of daylight below deck. All halyards, stretchers and reefing lines are led under the dodger directly into the cockpit and allow relaxed single-handed sailing.

# GOOD REASONS, TO CHOOSE THE **39**

The BENTE39 combines modern and sporty sailing with comfortable living.

- Stable upwind performance due to a high ballast ratio
- Good broad-reach performance due to a wide, flat stern and large gennaker
- Weather-protected „Gekkoseat“ with 360-degree all-round view
- Semi-custom approach with large Degree of individualisation possible in the interior
- Individual colour selection for dodger and Waterpass
- Feel-good factor thanks to plentiful daylight and air as well as large windows
- Generous space concept with ample headroom below deck and numerous innovative details
- Large range of accessories to customise all yacht equipment
- Choice of two outboard variants (diesel or electric)

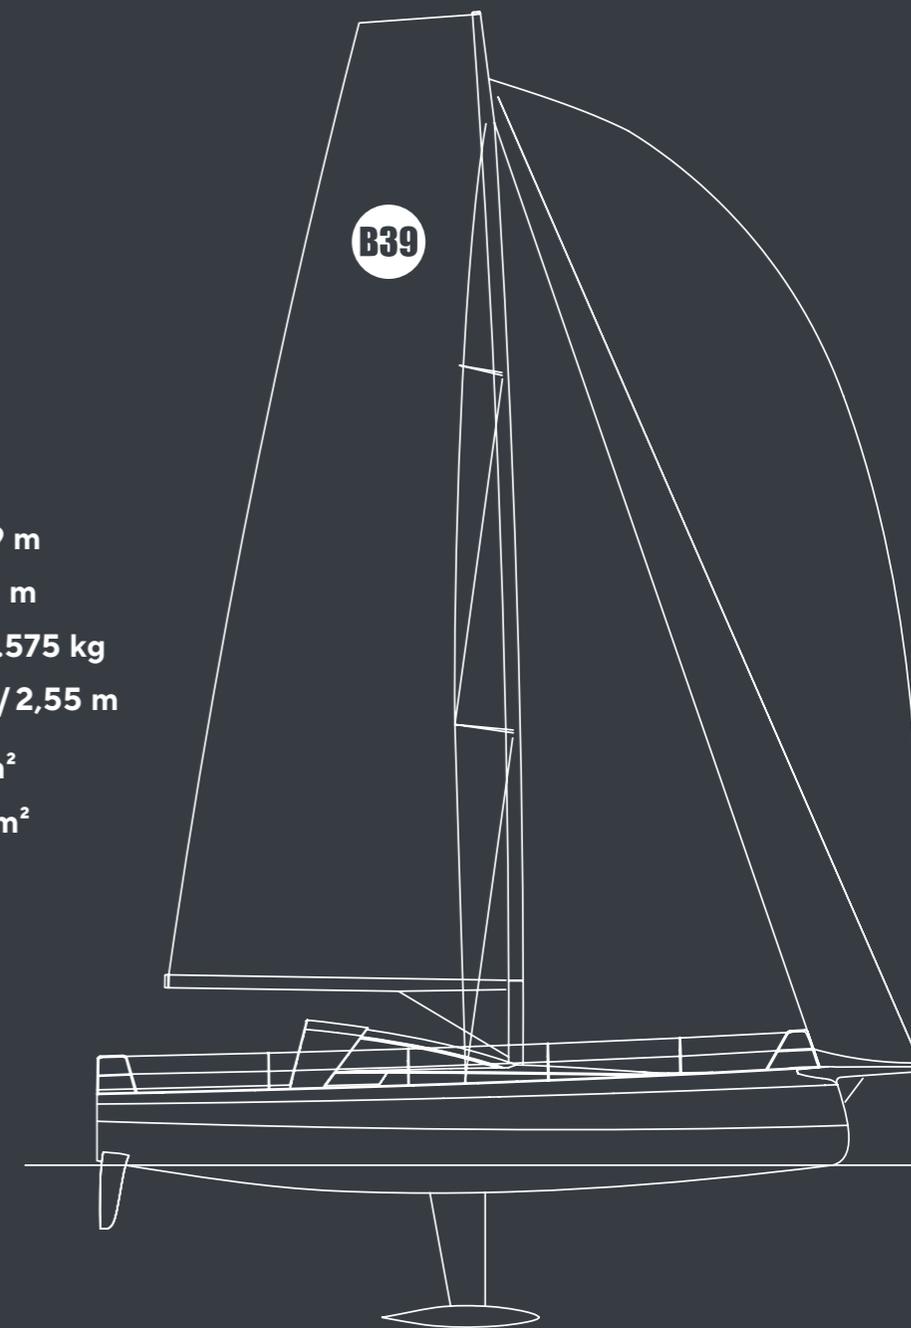

# FORM AND FUNCTION IN PERFECTION

The BENTE39 is the result of new thinking in yacht building. Free of conventions and fixated on optimal sailing characteristics, functional equipment and the modern interpretation of living and functional areas below deck, a sailing yacht was created that proudly bears the name BENTE.

## TECHNICAL DATA

Length	11,99 m
Width	4,05 m
Displacement	ab 6.575 kg
Draught	1,95 / 2,55 m
Sail Area Upwind	96 m <sup>2</sup>
Sail Area Downwind	194 m <sup>2</sup>

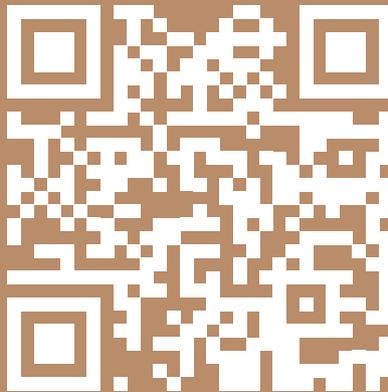

**1** All halyards, stretchers and reefing lines are routed under the dodger directly into the cockpit for relaxed single-handed sailing.

**2** The cockpit, protected by the dodger, offers plenty of space and does not restrict the helmsman thanks to the separated helm station with double tiller or steering wheel.

**3** Everything in view!? The „Gekkoseat“ in the racing deck saloon allows a weather-protected 360° view in the direction of travel and the sail position.
